Letter From Dr. Howell.
A. & N. Hospital, Hot Springs, Ark.
April 21st, 1918.

Dear Signal:
I wish to correct the statement in last issue of the Signal regarding my health. My general health was never better in life. The cause of my being here in the Army and Navy Hospital is the result of an injury caused by slipping on loose snow. In my effort to prevent falling I sprained my right limb and it has resulted in traumatic neuritis, or what might be termed a form of paralysis. I feel fully able to return to my post for duty at Fort Root, Little Rock, Ark., but it is the policy of the authorities here to keep the patients until they are entirely well and have forgotten all about their past ailment.

I wish you would quit publishing reports of sand storms and mention some fine rains. You are liable to create the impression that West Texas has dry weather.

With regards, I am,
Yours most truly,
R. L. HOWELL.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Remedy, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, it takes internally and acts through the blood to the mucous surfaces of the system. One hundred bottles of Hall's Catarrh Remedy will cure you. Send for literature and testimonials.

Look, Something Extraordinary.

Monday night April 22nd, the Young Men's Liberty Club, will give an exhibition at the club room on the north side of the square of boxing and wrestling matches, that has probably never been excelled in west Texas.

Every effort is being made by the program committee to have an exhibition of the highest class. The program will be headed by a five round non-decision bout between two of the best middle weight boxers in west Texas, to be followed by several other boxing and wrestling matches including a free for all boxing contest with five contestants, the one fighting the longest to be the winner. If you have never laughed before you should attend this as it promises to be a laugh from start to finish.

The athletic social will be for members only and everyone interested in clean sports is urged to join the club as quickly as possible, as the dues has been lowered to \$1.00 per month join now and boost for a larger club.

TWO MILLION MEN TO BE PLACED IN CLASS 1

General Crowder Says Future Calls For Service Should not Go Outside This Class.

Washington, April 20.—Under the classification of men for selective draft service, Provost Marshal General Crowder has advised the Senate Military Committee, approximately 1,500,000 will be placed in Class 1, from which it is expected all future calls will be taken. These two million, according to General Crowder, are exclusive of between 500,000 and 1,000,000 more annually, in addition which will be made subject to military duty under the bill now in Congress subjecting to registration youths reaching their majority.

From the 2,000,000 men in Class 1, nearly 20 per cent of the total registration in the country, and the additional number secured by new legislation, General Crowder has advised Senators that it will be improbable that calls will go outside of the highest class. Of the youths reaching 21 years of age, under the new legislation, it is believed that at least 90 per cent will be placed in Class 1.

District Appraiser S. F. Smith of the Federal Land Bank of Houston was here this week and together with the local appraisers of the Snyder National Farm Loan association, appraised a number of farms with a view of passing on loans for Scurry county.

O. E. Darby has been saying all this week that the moon will fall at 3:34 this morning and lookout for a good rain.

Card of Thanks.

We take this method of expressing our appreciation to our many friends both of Snyder and Plevan for the aid and assistance rendered us during the long continued illness and recent death of our loving husband, son and brother, W. W. Weems, who has been called to a better world than this.

May God bless you all and keep you in our earnest prayer.

Mrs. W. W. Weems,

REPORT OF THE SENTRY COUNTY SCHOOLS ENDING 4-19

Something like half of the schools of the county are closing with this report. All will close within the next month. Several have employed teachers for the coming year. Other trustees are considering teachers. I strongly recommend that we use our local teachers where they have "made good" and are worthy. Where this is not the case, they do not deserve a place. Too much caution cannot be exercised in the employment of a strange teacher. With the present outlook, plenty of teachers will be available, especially women teachers.

The County Board of Education meets the first Monday in May. At this time Mr. John Snuffer of Camp Springs, the newly elected member, will be sworn in. Some important matters will come before the Board at this time. School districts that failed to elect trustees should recommend some one by that time so they can be appointed.

In spite of the drouth conditions a number of districts are preparing to increase their tax and vote bonds for new modern school buildings. On the whole the school spirit in the county is excellent.

Yours for better schools,
O. L. HOWELL,
County Superintendent.

RENEWED TESTIMONY.

No one in Snyder who suffers back ache, headaches, or distressing urinary ailments can afford to ignore this Snyder woman's twice told story. It is confirmed testimony that no Snyder resident can doubt.

Mrs. W. S. Johnston, Snyder says: "I noticed that my kidneys were weak and out of order, caused, I think, by bad drinking water. My back ached and I had other kidney troubles. I used only one box of Doan's Kidney Pills and they made a permanent cure."

The Results Lasted.

Over three years later, Mrs. Johnston said: "I have never had any trouble with my kidneys since I recommended Doan's Kidney Pills and I believe the cure is permanent. I gladly advise anyone to get Doan's at the Thompson Drug Co. if troubled by their kidneys."

Price 50c at all dealers. Don't simply ask for a kidney remedy get Doan's Kidney Pills—the same that Mrs. Johnston had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

LORD ROBERT CECIL SEEN HARD STRUGGLE AHEAD

London, April 20.—Before the present offensive was begun German officers in neutral countries were prepared to wager that the Germans would succeed in dividing the forces of the allies within a fortnight. Lord Robert Cecil, Minister of Blockade, declared in a speech at Hitchen.

"A month has passed and the Germans have not succeeded," Lord Robert continued, "but we would be wickedly foolish if we believed the battle has ended. We have an indefinite period of terrible and strenuous struggles before us."

The minister of Blockade referred to the reversions of Prince Lieknowsky former German Ambassador to London, and other proofs showing that Germany was absolutely unshaken since she strove to toll the world to sleep by talk of peace, while planning this attack. Since the battle has begun there has been no talk of peace and nothing has been heard but talk of German annexations, indemnities, increased power of the German military caste and the slavery of the rest of the world.
